8.2 Induction Material

Wilayah di Lapangan EPF-3 dibagi atas 3 zona/wilayah yaitu:

1. Zona Hijau
   Wilayah pintu masuk termasuk pos security dan tempat parkir untuk tamu.

2. Zona Kuning
   Wilayah kantor, tempat parkir karyawan & perusahaan, dan sekitarnya

3. Zona Merah
   Wilayah fasilitas produksi, equipment dan sekitarnya

Adapun hal utama yang harus diperhatikan adalah:

1. Keselamatan dan Kesehatan Kerja (K3)

   a. Komitmen K3 Perusahaan:
      Hal ini dapat dilihat pada HSE Policy yang terpasang dikantor dan diruangan2 lainnya agar setiap karyawan dapat melihat dan memahami komitmen Manajemen Perusahaan terhadap masalah K3.

   b. 1 (satu) copy HSE Manual/Program terdapat di kantor dilapangan dan 1 (satu) copy ada pada HSE Officer tersedia untuk dibaca dan dipelajari.

   c. Persyaratan SAFETY khusus yang HARUS dipatuhi oleh karyawan yang berada di lapangan dan sedang bekerja adalah:

      Pada saat memasuki wilayah kerja (zona merah) Karyawan HARUS menggunakan:
      i. Helm
      ii. Sepatu keselamatan
      iii. Kacamata keselamatan
      i. Baju Kerja
      ii. Kecepatan maximum 5 km/jam

      Karyawan SANGAT DILARANG untuk:

EPF-3 Field is divided into 3 (three) zone, which are:

1. Green Zone
   Area close to entrance gate including security and parking lot for guests.

2. Yellow Zone
   Office area, parking lot for employee and surrounding area

3. Red Zone
   Production facility and equipment area

There are important issues for all employees:

4. Heath, Safety and Environment (HSE)

   a. Management's commitment to HSE
      This HSE Policy will be seen in the office and break room, so that all employees can read and understand the commitment of Hanover's management to HSE.

   b. 1 (one) copy of HSE Manual/Program is available in the site office and 1 copy is with the HSE Officer, these books to be learn and understood.

   c. Special SAFETY requirements for Employee working in field are:

      When entering working field (red zone), employee MUST wear:

      v. Helmet
      vi. Safety shoes
      vii. Goggle
      iv. Coverall
      v. Maximum speed 5 km/hr

iii. Menggunakan handphone di Zona Merah
iv. Membawa senjata api/senjata tajam
viii. Merokok/menyalakan api (terutama di zona merah)
ix. Membawa/menggunakan minuman keras/obat terlarang
x. Mengambil foto/gambar tanpa ijin tertulis dari superintendent (selama berada dilapangan SAPI)

Bagi karyawan yang MELANGGAR akan dikenakan sangsi sesuai dengan peraturan perusahaan.

2. Pada saat memasuki wilayah kerja (Lapangan EPF-3), setiap karyawan harus dapat menunjukkan ID Card/Kartu Pengenal. Bagi yang tidak dapat menunjukkan, tidak diperbolehkan untuk bekerja tanpa ijin superintendent

3. Setiap karyawan yang akan memasuki Zona merah harus menukarkan ID CARD nya dengan kartu khusus untuk zona merah, dengan terlebih dahulu menyerahkan ijin kerja tertulis (work order, safe work permit, isolation certificate, confined space, job safety analysis, etc) yang telah ditandatangani oleh Superintendent.

Employee STRICTLY PROHIBITED:

vi. Using hand phone in Red Zone

vii. Carrying fire gun/weapon

viii. Smoking/naked lights (especially in red zone)

ix. Carrying alcohol/using drugs

x. Taking pictures without authorization from Superintendent (while in SAPI field)

Company will take disciplinary action for any violation by Hanover employee.

2. When entering working field (EPF-3 field), all employee must show their ID CARD. For those who cannot show their ID, will not allow to work without approval from superintendent.

3. To enter Red Zone, all employees must exchange their ID Card with Red Zone pass by submitting written working permit (work order, safe work permit, isolation certificate, confined space, job safety analysis, etc) signed by Superintendent.
